Known allergens have been marked with a **Y** but where we have manufactures notifications of products that ‘may contain’ due to manufacturing have been marked with a **M/C** and some items may be marked as **CC** as there might be chances of cross contamination.- This data is provided to allow you to make an informed choice.

We advise that you choose an item entirely free a known allergen. Where the allergen is marked, the dish ‘*may*’ be modified to help remove an allergen or ingredient, but this is not always the case. If you need help choosing a dish please speak to one of our managers.

** Please be advised that our kitchen uses and prepares foods containing the 14 common allergens. Cross-contamination may occur, so we recommend that customers with severe allergies speak with a manager, before ordering, to ensure the safety of their meal*
